Profile: I have been a resident of South Salt Lake for the past 20 years. I have been married for 22 years and have 7 children. I feel South Salt Lake has been a great place to raise a family and I have an interest in making sure South Salt Lake continues to be a great place to raise a family. As a purchasing manager at work, I have experience working within a budget, coordinating cooperation between departments, and establishing working relationships with multiple vendors. I have an Associate's Degree from Salt Lake Community College in Business and I am attending the Utah State University Extension pursuing a Bachelor's Degree in Business Administration. I would love to see South Salt Lake have strong communities where people want to come and stay.

The people who live in the community should have a voice in what their community looks like. I will listen to the people of my voting district and vote accordingly. I would love to serve South Salt Lake by becoming the city councilman for District #1.
