Profile: I'm running for South Salt Lake City Council District-At-Large because I want to see my city thrive. My wife and I love this community and our two children enjoy all it has to offer. I want to help this city grow and I will be a voice for the people of this community.

I believe in public service and I want to give back to this city that has given my family so much. I have served my country in the United States Marine Corps and I continue my civic engagement by volunteering with Salt Lake County Aging Services, several local non-profit boards and I'm a current member of the South Salt Lake City Planning Commission. Professionally I work for a global logistics company doing sales in their Salt Lake City office.

My priorities as Councilman will be: Smart economic growth and development. I will promote measures to help the youth, families and senior citizens of this community. I will support our local police and fire departments. I will use city resources very wisely and not waste tax dollars. I will be open, accessible and accountable to the people of South Salt Lake. Please vote for me November 3!
